Patient Educational Informed Consent Video Embed Information

As an alternative to downloading the OMSNIC Patient Education Informed Consent Videos, you may wish to embed these videos directly to your website.

What is Embedding?

Embedding is an option that allows videos to be displayed on other websites without having to upload the video directly to your website server. The video is linked to the original file ensures that you are always linking to the latest version of the available video.

How I do embed the videos on my website?

OMSNIC suggests sharing this document with the individual(s) responsible for your website. They can use these links as necessary to embed the videos on your website.

Note: OMSNIC is not available to provide technical support or assistance in making these videos available via your website or other means of distribution.
